

**COMTECH™**  
Fluent in the Future

## Custom Supply Chain Management for Space

Comtech is a leading global value-added supplier for high-reliability electrical, electronic, and electromechanical (EEE) parts and test services to spacecraft, launch vehicle manufacturers and their subcontractors.

Unlike traditional suppliers, Comtech has the unique ability to provide high-reliability parts and solve complex procurement problems.

Comtech Electronic Components (ECG) specializes in Component Engineering, Procurement, Program Management and Quality Assurance services for electronic components used in space and military applications worldwide.
